

Pallet Stackers/De-Stackers

Tekno Pallet Stackers/De-Stackers

Robust and Reliable!

Tekno has stacked it's reputation on our ability to lead the industry with modular solutions. For decades Tekno has developed conveyor and assemblies line equipment to satisfy the worlds largest and most sophisticated companies. We are an industry leader in providing and implementing turnkey systems across all markets. With Tekno's long standing conveyor systems in conjunction with our pallet stackers and de-stackers we can offer solutions unlike any other!

Our pallet stackers can be configured to work directly with your existing pallets. We offer custom design solutions to ensure we provide a robust and reliable solution for your system. We design the solutions so it can be a stacker or de-stacker without changing set-ups. Small or large our stackers can do the job!

Tekno Pallet Stackers and Destackers

Our Lineup
